Dear Member,

Thank you for your loyal support over the past year.

The Bushy Park Vision is moving ahead. The Board has given the Bird Introduction Committee, chaired by Hugh Stewart the go-ahead for the introduction of hihi.

We have also received advice from the Powerco Wanganui Trust that they have approved a grant for the building of two fire doors in the main corridor of the homestead, these have been designed by Felicity Wallace and will be built by Rob O’Keefe Joinery, the grant also includes an amount to cover window insulation.

Last year we were host to three French architectural students from northern France who as part of their studies produced a vision for the wetlands at Bushy Park. Work on this will shortly get started under the guidance of Wilf Emmett. Donation for this project would be most welcome .planks cost \$50-00 which includes engraving with your name.

A hard copy newsletter will be coming out shortly and will include a summary of the working party report and governance matters. We want to give you news updates on a monthly basis by email so be sure you include your current email address below.

-----  
Remittance Advice-Annual Donation –all donations are tax deductible and a receipt will be sent plus your membership card.

Pay -\$30 Individual,\$50 Couple / family \$100,\$200, \$250, \$500 \$1000 other \$\_\_\_\_\_
